

luxvenum

Forma

Unsere preiswerteste Kollektion, ohne das wir aber auf eine hochwertige Verarbeitung und Materialauswahl verzichtet haben. Die Einbaurahmen werden aus einem Stück CNC-gefrästem Voll-Aluminum gefertigt und dann in den verschiedenen Farben aufwendig lackiert. Mit unseren Bicolor-Ringen gibt es nahezu unbegrenzte Bicolor-Möglichkeiten. Außendurchmesser 82 mm. Lochausschnitt 68-78 mm.
